

The Kings

to Albania

Dear Brothers and Sisters in Christ,

Nov/Dec 2024

In every thing give thanks: for this is the will of God in Christ Jesus concerning you. 1Th. 5:18

As November was the time of Thanksgiving, we can look back on the year of 2024 and give thanks. Though not everything went as we would have liked, we give thanks for several professions of faith this year. Four of those followed through with obedience to the Lord in Baptism.

This year also, the Lord allowed me to get several thousand more gospel brochures to another part of the city and in the process, making some valuable contacts.

As mentioned in our last letter, we are working in a poorer, Muslim oriented area of the city. As we try to reach people there, we would find people that were very, very poor. We would try to help them, especially those that had made professions of faith. In doing so, this created problems with others. Having been a missionary for quite some time, I knew that to mix humanitarian work with preaching the gospel, normally came with problems. But when you see people in such poor conditions, and you can help....you gotta help! This led to much jealousy and division in the work. So, what we have now is women, children and a few, "on the fringe" men.

Having said that, Bonnie needed to come back for some medical tests and treatments, and after counsel with my Pastor, we decided to both come back for a few months to let Bonnie get healed up, return to Albania, and restart the work possibly in another part of town.

Finally we want to say **Thank you so much!!** as many of you have given extra in the month of December. This was such a blessing as it helped cover the extra medical costs for Mrs.King! We sure appreciate your help and faithful partnering of the work in Albania

Please remember to keep us and Albania in your prayers as the warfare has been continual.

In Christ, Kirk and Bonnie King
