Dear Pastors and Praying Churches,

John 9:4 I must work the work of him that sent me while it is day the night cometh when no one can work. That to me is best paraphrased as” Gods project, DO NOT DELAY. There is always a good reason to get busy. While there is a lot of topics that is timely to talk about in recent days, I think it best to spend most of the time for ministry and its physical projects.

Action on 3 fronts

While the project in Baucau is still ongoing, another concern is the accomodation for our workers and Staff. Through the generosity of our sponsors we were able to start another building inside the Manatuto property. This brings a total of 3 buildings we are trying to attend at present. Please help us pray that we will be able to sustain it financially.

Lamps – Li'l Active Minds Provident School

Education is the best platform that we found to be the ministry we can become. It gives the community a message that we are serious in our contribution to community building. As the only school in the whole country that offers the School of Tomorrow Curriculum, we now have a reason to visit our students and sharing to them the Gospel. The visitation program started early last year. Last week we sent 4 of our teachers for ACE training in Jakarta, Indonesia.
