Summer of Change & God's Care

The past two months have been full of transition, trials, and blessings. We are thankful that in every circumstance, God has shown His faithfulness.

Visitors Who Encouraged Us

On July 4th, Brother Shergalis came and preached at a gathering at our home, refreshing our hearts with the Word. Soon after, Hungarian believers stopped in for a brief visit during their vacation. Our children also enjoyed a Vacation Bible School in Romania, a special opportunity to grow spiritually and enjoy fellowship with other believers.

Moving Forward

This summer meant big changes—we moved both our family's house and our church meeting place. Though moving twice in one season was no small task, God provided strength, helpers, and new opportunities. We also helped move a Russian family of nine from Montenegro to Serbia.

God's Provision in Trials

In the middle of these changes, Matt became very sick and was hospitalized. This was difficult, but God provided through family who came to help while Kaylin focused on caring for him. We were reminded that God never leaves His children.

Answered Prayers & New Guests

God has brought new visitors, including Filipino believers who have added to the cultural diversity of our congregation. Even more, after a full year of invitations and prayer, Regiane's husband finally visited. Regiane was saved and baptized a year ago. This was a direct answer to prayer and a testimony to patient witness. Please continue praying for his salvation.

Conference Blessings

In August, a group from the U.S. joined us for the Zrenjanin conference. We had 17 guests, and 7 expressed a desire to keep meeting. This is a great encouragement, and we pray it will grow into something lasting.

We were also contacted by *Couriers for Christ*, who are considering a major outreach in Serbia in the fall of 2027. While still far off, we ask for prayer that this opportunity would bear fruit in the Balkans.

Prayer Requests

- spiritual growth in the church, salvation for visitors
- Health for Matt and continued recovery.
- Fruit from the Zrenjanin conference and the seven seeking to continue.
- Guidance in long-term planning, including the 2027 outreach.

Thank you for standing with us. Your prayers and support allow us to continue pressing forward in God's work here in Serbia.

Sincerely from!
Matt & Kaylin
