Dear Co-laborers,

The Ministry is People!

It is a joy to see kids now becoming teenagers, and participate in the church music program, the orchestra, the choir, etc. It is also a joy to see young people being called to the ministry! Three young people had gone to Bible Institutes in Mexico this year to prepare to serve the Lord. All three were active and very helpful in the church, it was hard to see them go, but necessary. Another great joy and privilege I had this year, was of marrying a young lady and young man, from the church. It is awesome to marry a young couple that, has many dreams for their life together. (To have a long marriage, to have kids, to buy a house, etc.)

SOULWINNING!

We led a single 30 year old man to the Lord, while out soulwinning 5 weeks ago. He is been coming faithfully to church since then. Now he wants to learn a music instrument to play in the church orchestra. What a blessing!

Please pray for my home & sending church, First Baptist Church of Hammond, IN

Their website was down by a cyber attack over a month ago and many files were compromised including those of employees and missionaries in their mission board. Pray for the missionaries!

Please pray for Cuba,

The electricity goes off every day, for as little of two hours to as much as 8 hours.

This affects the church services, especially night services.
