## Missionaries to Ethiopians in Washington D.C.

### May and June Prayer Letter

July 17, 2025

Dear Prayer Friends,

Greeting everyone! We praise the Lord for His help. We apologize for the lateness of our report. We have had many things on our plates, and the Lord has aided us through all of them. It is evident that your prayers have been going up on our behalf.

We went through a housing crisis. The owners of the house we were living in gave us notice that they intended to move back into the house. That meant that we needed to find a place to live quickly. A lot of time was spent looking for a place and preparing funds for the move. To be in a safe and affordable place, we had to move to a location that is not an ideal distance from our desired area of ministry. Pray for us. It was everything we could muster to accomplish this move, making it quite a feat to pay August's rent. The Lord is able. We praise Him for His loving kindness.

In our ministering, we will be exploring a new area. We have had some good contacts, but really desire to see more results. We are very thankful for what the Lord has done so far, and there is more for us to see of His handiwork.

We are very thankful that James and Abigail get to go to summer camp. Donors have graciously given so that it may happen. The Lord is wonderful and has worked through wonderful people.

Thank you for your faithful support. God bless all of you!

*Love,*

*Bro. & Mrs. James & Carletta Downs*
